

Safety Data Sheet

Standard Solution
For Conductivity Meter

SYSMEX CORPORATION
KOBE, JAPAN

Safety Data Sheet

Described date: 2000/12/28

Revised date: 2012/06/30

1. Identification of the substance/preparation and the company

Trade Name: Standard Solution for Conductivity Meter
Use of the preparation: Diagnostic testing
Supplier's Name: Sysmex Corporation
Address: 1-5-1 Wakinohama-kaigandori, Chuo-ku, Kobe, Hyogo 651-0073,
Japan
Emergency Telephone:

2. Possible hazards

Classification of hazards:
Physical & chemical danger Not applicable
Human body hazards Not applicable
Environmental hazards Not applicable
GHS Label: No information available

3. Composition/information on ingredients

chemical characterization Mixture (aqueous solution)
Hazardous Ingredients Nothing to report
Chemical Name, content: No information available
CAS number: No information available

4. First-aid measures

Ingestion: Rinse the mouth with plenty of water. Arrange to consult a physician immediately.
Inhalation: Wash out nasal cavity with tepid water and gargle. If irritation persists, consult a physician immediately.
Skin Contact: Immediately flush skin with soap and plenty of water. Consult a physician immediately in case of itch or inflammation.
No information available
Skin Absorption: Immediately flush eyes with plenty of water. Consult a physician
Eye Contact: immediately if necessary.

5. Fire-fighting measures

Extinguishing Media: Water
media that do not use: None
Special Procedures: None

6. Accidental release measures

Precautions of
human body protection: No information available
environment: No information available
Methods for cleaning up: Use absorbent material. May be diluted with water.

7. Handling and storage

Handling
Notes of technical manner: No information available

Storage:	Keep container tightly closed, and store in a cool place (2-8°C).
----------	---

8. Exposure controls/personal protection

Managing concentration:	No information available
Threshold concentration ACGIH:	No information available
Measuring Equipment	No information available
Personal protection:	No information available

9. Physical and chemical properties

Nature of substance:	Clear liquid, No color
Odour:	No
pH:	Approx. Neutral
Melting point/range:	No information available
Boiling point/range:	No information available
Flash point:	No information available
Relative density:	No information available
Solubility:	Miscible freely in water
Flammability:	No information available

10. Stability and reactivity

Stability:	Stable under ordinary condition of use and storage. Refer the package insert for the stability that this product
Hazardous reactivity:	No information available
Conditions to avoid:	No information available
Incompatibility:	Unknown
Hazardous Decompositions:	No information available

11. Toxicological tests

Acute toxicity:	No information available
Chronic toxicity:	No information available
Other toxicities:	No information available

12. Ecological information

Environmental toxicity:	No information available
Remaining/accumulation:	No information available
Movability in the soil:	No information available

13. Disposal considerations

Residual waste:	May be diluted with water and wash into sewer.
vessel and packing materials:	Please follow the restriction concerning the wastes in local region.

14. Transport information

Air transport	
UN code and number:	Not applicable
Packing groups:	Not applicable
Sea transport:	No information available
Land transport:	No information available
Inland waterways transport:	No information available

15. Regulations

National regulations:	No information available
-----------------------	--------------------------

Labeling

R-phrases:

Not applicable

S-phrases:

Not applicable

No chemical safety assessment has been carried out for this mixture by the supplier.

16. Other Information

Special Precaution:

No information available

Miscellaneous Information:

The described information has been based on the best knowledge of SYSMEX's possession; however it is not intended to guarantee the correctness and completeness of the information. For the applicability of the product, it is the obligation of each user of the product to make the decision.
